

## DC Rape Crisis Center

---

The DC Rape Crisis Center is dedicated to creating a world free of sexual violence. The Center works for social change through community outreach, education, and legal and public policy initiatives. It helps survivors and their families heal from the aftermath of sexual violence through crisis intervention, counseling and advocacy.

The horrific experiences of rape and childhood sexual abuse are among the most traumatic, often leading to long-term issues such as depression, low self-esteem, substance abuse, physical ailments and eating disorders. With counseling, survivors can reverse or avoid many of the mental and physical effects of abuse. There is also help for both the child and non-offending family members of children who have been sexually assaulted. DC Rape Crisis Center uses special techniques such as art and play therapy to help children aged 4-17 integrate and heal from the trauma of the sexual violation.

The DC Rape Crisis Center helps survivors navigate through the medical or legal system. Trained volunteers from the Center are available to meet a rape survivor at a hospital, police station or court 24 hours a day to help with anything from paperwork to emotional support.

The DC Rape Crisis Center also offers free sexual assault awareness and prevention and risk reduction presentations to groups of all ages.

The DC Rape Crisis Center establishes and coordinates citywide collaborations to ensure inter-agency effectiveness and sensitivity for survivors and to provide a stronger voice for survivors. This includes the Sexual Assault Response Team (SART) and the Sexual Assault Coordinating Council (SACC). We advocate on behalf of survivors regarding legislation, current issues, the media and institutions that affect survivors.
