

SCHNEIDER CHILDREN'S HOSPITAL (MEDICAL DEV. ISRAEL)

Donors to the Schneider Children's Hospital in Israel. In all the middle east, Schneider Children's Medical Center is the only full-service children's hospital. It is a center for intellectual excellence as well as a highly respected teaching hospital.

Thus far, more than 50 immigrant doctors from the former Soviet Union and elsewhere have gone through the pediatric training program and more than 100 immigrant nurses have received specialized training. In a land of war, Schneider is a place of hope and life.

Donors tend to be upscale and interested in Israel and health related and children's causes.
